WORK EXPERIENCE

Teacher Assistant || Brown University

Sept 2017 -- Present

- TA'ed two courses: User Interface/User Experience and Psychology of Creativity
- Designed the first assignment and lab which introduced students to UIUX thinking.
- Led a week of lecture in which I helped undergraduates break down, analyze, and critique research in Psychology.

Intern || McDSP

June 2015 - Aug 2015

- Transferred and edited some of the company's software code into Juice.
- Worked with the marketing team on the company's website and emailing system.

RESEARCH

Intern || Linda Miller Psychology

June 2015 - Aug 2015

- Read through all of John Gottman's research on relationship and marriage stability.
- Constructed a presentation on Gottman's research for a workshop aimed towards helping married doctors.

Research Assistant || FeldmanHall Lab

July 2016 - Present

- Aid studies on Perceptions of Self & Other, Risk & Ambiguity, and Morality.
- Leading research project that studies "Social Influence on Uncertain Decision Making".
- Starting research project that looks at mechanisms that make people suboptimal when deciding between maintaining current partnerships or exploring new ones.

LEADERSHIP & SPORTS

Swimmer || High School, College, and Club Swimming

Sept 2003 - Apr 2016

- Helped lead club team to a Jr. National Victory and meet record in 400 Medley Relay.
- Current record holder at Brown University for 100 Backstroke and 200 Medley Relay.

Founder & President || Brown Esports Team

February 2016 - Present

- Founded Brown Esports Team after 2 consecutive years of Brown rejecting the establishment of Video Game Clubs.
- Connected all 8 Ivy Leagues together to start a conference wide Esports Tournament.
- Spoke on Panels at PAX East and Emerson College to discuss problems and solutions to the current collegiate esports models.

Project Lead || Brown University Course

May 2017 - Present

- Wrote and co-taught a credit-bearing course about the History, Design, Narrative Structure, and Culture of Video Games.
- Led 20+ undergraduates through the lectures, assignments, and lessons of the course.

Project Lead || College Esports Connect

January 2017 - Present

- A website that I conceived and designed for Collegiate Esports to allow for college's gaming clubs to more easily track and connect with other schools.
- Currently working with my team on developing the first iteration of the site by summer.
